

PUBLIC LEDGER

THIRD YEAR.

MAYSVILLE, KY., TUESDAY, JUNE 12, 1894.

ONE CENT.

THE RIGHT THING

Is What the Chesapeake and Ohio Railroad Will Do.

THE CROSSINGS WILL BE SAFE

At Commerce and Lexington Streets in the Fifth Ward in the Near Future—Plans for the Next Meeting of the City Council.

That the C. and O. Railroad crossings at Commerce and Lexington streets in the Fifth Ward are dangerous no one will for a moment doubt.

But the one at Commerce street is the most dangerous, as coming down the hill from Forest avenue you are compelled to go through a cut, making it impossible for anyone to see an approaching train either from the East or West.

Our good City Dads have had their eyes opened several times by hairbreadth escapes that some of our citizens have made from being struck by trains on the road.

True, the engineers have blown their whistles and sounded the warning bell, but when the wind is blowing out of the Northwest and a train is approaching from the East, no one can hear the danger signals that are given.

At the meeting of Council last month the Mayor was ordered to notify the management as to the dangerous condition of these crossings, and call their attention to the fact that something should be done in order to make the crossings safe as far as the public travel was concerned.

In reply to the Mayor's letter George W. Lewis, Assistant Superintendent of the Chesapeake and Ohio Railroad, wrote that he would be in the city to confer with the Mayor and see what could be done.

But up to the last meeting Mr. Lewis had not arrived, so the Mayor was authorized to again "touch up" his memory, which he did.

Mr. Lewis came in on No. 2 yesterday and immediately hunted up the Mayor, and together they went up and looked over the field of danger.

After a careful survey he told Mr. Cox that the matter would be attended to immediately.

As to the mode of signals used the safety gate is a time-honored, the flamen will sleep and eat careless, and the best thing is the electric alarm bell, an instrument that performs its work without depending on human aid.

This is the most effective alarm or danger signal in use, and one that is now being used by all the leading railroads in the country.

It is an alarm bell at the crossing, connected with a device that extends along the track for some distance, the alarm being set off by the locomotive of the approaching train, and we can say that no one who has heard the electric alarm bell has been struck or killed by a train.

The railroad company is willing to do anything to make the safety of people along its route assured, and Mr. Lewis will have several good plans to suggest to the City Council at its next meeting, and we are sure the disposition on the part of the company is to do the right thing, and it will do the right thing.

In the meantime, let the people heed the signs that are up at these crossings, "Look Out for the Locomotive," and thus avoid a loss of life or limb and the regular damage suit that follows.

We are in favor of the electric alarm bell, and hope the company and Council will decide to adopt this system.

One More.
On account of the Republican Convention at Augusta June 12th (the C. and O. will sell Round Trip tickets Mayville to Augusta at one fare) 50 cents.

The new First Presbyterian Church at Henderson was dedicated Sunday. The church is built of stone and cost about \$5,000.

Sham Jones delivered himself of the following "bright" remark: "If all church members got to Heaven you would have to sleep with your pants under your head to preserve your valubles." The reporter felt like to state what kind of an audience Sham was addressing on this occasion, but he certainly meant men only.

THIS IS FINE.

We Mean the Way They Celebrate the Lord's Day at Millersburg.

Sunday night at Millersburg, in Bourbon county, Charles J. Jenett, Deputy United States Marshal, was shot and instantly killed by Frank Mitchell.

Jenett and the Mitchells, Frank and Rush, got a keg of beer from Paris Sunday, and by 11 o'clock that night were pretty full.

In a drunken quarrel Jenett attempted to pull his pistol, when Rush Mitchell caught and held him, while Frank Mitchell snatched City Marshal Vancom's place and shot Jenett.

Rush Mitchell is in jail at Paris, while Frank made his escape.

Three unknown colored men cut Orange Morris's throat near Millersburg Saturday night and escaped. Morris will probably die.

THE POLICE COURT.

Yesterday's Proceedings Quite Out of the Ordinary.

Everything has been quiet for several days past around the Police Court headquarters.

But you can always rest assured of a "Red Monday," so to speak.

You know the boys will "dill up" on Saturday night, and you know also the Police will call them down when they get too gay.

Charles McElfresh's head got too heavy Saturday night, and one of the good law-prosecutors put him where they lose their best men— with Jailer Kirk. Judge Wadsworth assessed him \$3 and costs—pretty expensive drunk.

Frank Nelson, for a little wee bit of a drunk, had to pay \$1 and costs, and so did Willie Combs.

William McElfresh got a big bit, and the Judge took the kinks out of him, charging him \$3 and costs.

Paul Sullivan was fined \$3 and costs for a good sized d. and d.

William Roser was up for selling drinks on Sunday instead of going to church, and Judge Wadsworth told him to help up the school fund \$30 worth, and the costs were attached to make him think when it was Sunday hereafter.

Are you insured? If not, now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as an insurance against any serious results from an attack of bowel complaint during the summer months. It is almost certain to be needed and should be procured at once. No other remedy can take its place or do its work. Twenty-five and fifty cent bottles for sale by Theo. Power, Drugist.

Under no circumstances will any exceptions be made to the above requirements.

Constipation causes grief. But the troubles need be brief. For Ayer's Pills give prompt relief.

The First National Bank of Middlesboro paid another 15 per cent. dividend Saturday. This makes 35 per cent. paid since it closed its doors.

During the past seven days there were 214 business failures throughout the United States, as compared with 323 the corresponding week last year.

Frank Owens Hardware Co. have large stock of the very best Plated Knives and Forks, Spoons, Table and Pocket Cutlery, Scissors and Shears, all of best makes.

All the Methodist Church pulpits of Louisville will be filled by women next Sunday, under the auspices of the Women's Foreign Missionary Society of the Louisville Conference.

The Bonanza has been withdrawn from the Cincinnati and Pomeroy trade and will be used as an excursion steamer about Cincinnati this summer. The City of Troy, just off the docks after extensive repairs, will take her place.

The twelfth annual meeting of the Sunday-school Association of the Cumberland Presbyterian Church in Kentucky will be held at Franklin June 19th-21st. An interesting program has been arranged and a large attendance is expected.

The annual election of officers of the Elizabethtown, Lexington and Big Sandy, a part of the C. and O. system, was held Saturday in Covington. M. E. Ingalls was re-elected President, Decatur Astley Vice President, J. C. Davis Secretary and T. O. Barber Treasurer.

Three youngsters down at Glasgow settled their difference of opinions as to which part of their pants were out first by a free fight. After a spirited interview with their maternal ancestral architect, it was decided by a unanimously-standing vote that the bottom part took the palm.

Fifty cents is a small doctor bill, but that is all it will cost you to cure any ordinary case of rheumatism, if you use Chamberlain's Pain Balm. Try it and you will be surprised at the prompt relief it affords. The first application will quiet the pain. Fifty cent bottles for sale by Theo. C. Power, Drugist.

Saturday night three attempts were made to wreck C. and O. Eastbound passenger train No. 4, near Montgomery, by throwing ties across the track. This failed, and the windows of the train were broken by some one throwing rocks. The crew were treated to a fusillade of rocks. Their lanterns were smashed as they went through mining towns.

You can't keep a Kentucky down no matter where he goes. Joseph N. Carter, formerly of Harlan county, has just been elected one of the Judges of the Illinois Supreme Court. He is a Republican and defeated a Democrat, who carried his District by a plurality of 6,926, by 4,400 votes. His election insures him an office for nine years.

Mrs. John Resif, living on Laurel creek, near Vanceburg, presented her husband with a present night before last in the shape of the smallest baby ever born alive in this county. It tips the scales at one pound and three quarters, and is "fat and pert" as if it weighed fourteen. It is a boy, and the father, in a facetious mood, resolves to name the infant prodigy Daniel Lambert.

Dr. M. J. Davis is a prominent physician of Lewis, Cass county, Iowa, and has been actively engaged in the practice of medicine at that place for the past thirty-five years. On the 29th of May, while in Des Moines, en route to Chicago, he was suddenly taken with an attack of diarrhea. Having sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for the past seventeen years, and knowing its reliability, he procured a 50 cent bottle, two doses of which completely cured him. The excitement and change of water did incident to traveling often produce a diarrhea. Every one should procure a bottle of this remedy before leaving home. For sale by Theo. Power, Drugist.

IT'S SO IF IT'S IN THE LEDGER.

Dr. J. B. Marvin, the well known physician of Louisville, was elected President of the Kentucky Medical Association at its session at Shelbyville.

Mary Ella, the two-year old daughter of Mr. and Mrs. James Redmond, Jr., died this morning about 3 o'clock from typhoid. The little girl together with some others was playing yesterday afternoon up to 6 o'clock on the green grass in front of its home, and this morning it is in glory. The bereaved parents have the sympathy of the entire city in their great misfortune, as little Mary Ella was loved by all who knew her or even saw her. BLACK AND GREEN.

I sat on the porch of Clark's Inn at Clifton Forge, one day, And thought how I'd heard, in the long ago, Some artist or other say "Blue and green never blend;" Though I never saw why A blue suit looked absurd With an overgreen tie. As I gazed on the mountains So gorgeously green, Lolling up 'gainst the sky, Heaving cum and serene, It struck me that nature Had known what to do When she made mountains green, And painted entire blue. So, to artists' opinions I will not attend When they tell me that blue And that green never blend."—Howard Saffley.
